

Machine Learning

Lab introduction

Lab work overview

On the lab:

- (sometimes) short explanations in the beginning
- exercise list
- some of it until the end of the lab
- for the rest, you will usually have one week
- solutions will be up on Moodle after the deadline

Assignment submission rules

Jupyter notebook

should include: code,
figures, answers to
questions

or

Python script

figures as images,
answers as either textfile,
or Python comments
